

State Level Action Looms On Fort Wayne Dispute

INDIANAPOLIS UPI — An issue involved in a recent dispute between Fort Wayne teachers and the school board may come up again on the state level Oct. 27 and 28 when the 46,000 members of the Indiana State Teachers Association have their 113th annual convention at seven Hoosier cities, including Fort Wayne.

The issue of how much voice teachers should have in school affairs was one of several which came up during contract negotiations at Fort Wayne, and this issue appeared likely for much discussion at the ISTA convention, which has as a theme "Stronger schools our professional commitment."

Robert H. Wyatt, ISTA executive secretary, said a strong school system is "the classroom teacher's concern, as well as the concern of administrators. Today's teacher is a highly prepared professional; he is entitled to full partnership in decisions affecting the public school system."

About half of the teachers will convene at Indianapolis, with the remainder divided between Fort Wayne, South Bend, Hammond, Evansville, Jeffersonville and Muncie.

A total of 1,091 persons will participate at the seven sites as speakers, discussion leaders and participants in panels and workshops. Of these, 101 are from other states. Twenty-four Indiana colleges and universities will be represented, along with 47 out-of-state schools.

The Thursday and Friday sessions also will mean an extra long weekend vacation for the pupils, since schools will be closed while teachers attend the meetings.

Senate Suspends Two Tax Breaks

WASHINGTON UPI — The Senate Friday gave final congressional approval to President Johnson's plan to combat inflation by suspending two tax breaks for big business.

Sent to the White House for the President's signature was a bill suspending for 15 months, dating from Oct. 10, the 7 percent tax credit for plant investment. Also suspended for the same period was the system for rapid tax-write-offs for building depreciation.

Senate passage was by voice vote. Corporations using the tax breaks to expand and modernize while keeping up with consumer and Viet Nam war demands have made plant investments the single most inflationary sector of the economy.

WGRE To Offer Tape Messages

A free service of taping messages to be sent to distant friends or relatives will be provided Putnam County and area residents by DePauw University's radio station WGRE.

Beginning next week the station will provide facilities for recording or playing back these messages. Professor Elizabeth Turnell said the station's student staff will provide the technical service free.

A minimal charge will be made when the station provides the tape. Individuals, however, may provide their own tapes. Anyone wishing to utilize the service may call the station, OL 3-3663 or OL 3-9721, ext. 276, for an appointment.

Local Y-Teens To Initiate 78

Greencastle High School Y-Teens will conduct formal initiation services for 78 new members Tuesday, October 25, at 7:30 p.m. in the high school gymnasium. Mothers of all Y-Teens, old and new members, are invited to attend this ceremony. Following the service the Classics, under the direction of Peter Hill, will entertain the girls and their guests.

Y-Teens, numbering 204 girls this year, is affiliated with the national YWCA. Locally, the girls are active in community and school service projects. Jay Giuliani is president of the local organization.

Homecoming Set For Coatesville

The speaker at the Annual Homecoming Services Oct. 30, 2:30 p.m. at the Coatesville Missionary Baptist Church will be Richard Thompson.

Mr. Thompson and his wife, Kay, are quite well known in Putnam County, having spent several years here attending DePauw University during which time he was pastor of the Clinton Falls and Racoon Methodist Churches. He also preached at the Canaan Methodist Church in Floyd Township.

During the past four and one-half years the Thompsons have been teaching at the Eastern Bible Institute and Seminary near Manila in the Philippines. Everyone is invited to the Coatesville Homecoming Services and the Thompsons are looking forward to seeing many of their old friends.

"Red Dean" Of Canterbury Dies

CANTERBURY, England UPI — Dr. Hewlett Johnson, the controversial "Red Dean" of Canterbury, died today at the age of 92.

Johnson stirred anger and resentment by his frequent espousal of the Communist line while serving in the Church of England. His "Red Dean" title stemmed from his Communist activities.

He was hospitalized after a fall Friday. Cause of death was not immediately announced.

Johnson resigned his Canterbury post in 1963.

He once served as an editorial board member of the British Communist party newspaper, The Morning Star, and said he regarded Cuban Premier Fidel Castro as a personal hero.

Johnson also once said in a Christmas message that if Jesus Christ were alive today, he would be a Communist.

Truck, Load of Hay Destroyed

A 1953 Chevrolet truck, loaded with hay, caught fire on the West Walnut Street Road shortly after 11 o'clock Friday morning.

City firemen made a run in the township truck. They reported the truck and hay a total loss.

The truck was owned by Wayne Nelson and was being driven by Dave Clark, according to the report by the firemen.

Allied Forces Kill 984 Cong In Five Days

SAIGON UPI — American strike planes and South Vietnamese troops killed 984 Viet Cong the past five days in a guerrillas hunt through the coastal lowlands 340 miles northeast of Saigon, it was announced today.

South Vietnamese credited the U.S. planes with killing almost 500 of the guerrillas in the rambling operation called Tru Kich.

The government troops killed the others in a series of sharp firefights in which they suffered only light casualties themselves, the spokesman said.

South Vietnamese troops said they found 70 guerrilla bodies stuffed in a cave by fleeing Communist forces, apparent victims of American air strikes.

In the air war Friday Navy planes discovered an armada of 300 Communist barges off the coast of North Viet Nam and destroyed or severely damaged 125 of them.

Three Arrested, Two Are Jailed

Three men were arrested Friday and early this morning by state and local officers and two of the group landed in jail.

Paul Hughes Holder, 49, Greencastle, Route 3, was lodged in the Putnam County jail at 3:45 Friday afternoon by State Detective Kenneth Wolfe.

Holder is charged in a Circuit Court warrant with the deceptive issuance of a check.

Talal S. Si-Havafi, 26, reported to be a DePauw exchange student, was arrested on North Locust Street at 8:20 Friday by City Officer Larry Rogers for operating an auto without being accompanied by a licensed driver.

Robert Thomas Shirrell, 33, Indianapolis, was jailed at 12:50 this morning by State Trooper Don Collins.

Shirrell was booked for driving while under the influence of intoxicants.

GOP Teenagers Elect Officers

The Putnam County Teenage Republicans met Thursday night and elected officers for the coming year.

A large group of enthusiastic teenagers elected Joanna Eitel of Greencastle, President; Sharon Tague of Cloverdale, Vice-President; and Tressa Fredrick of Fillmore, Secretary-Treasurer.

County Chairman Bob Poor pointed out the importance of young people being interested in and understanding politics, therefore any teenager is welcome to join the TARS.

Plans are being made for as many teenagers as possible to attend the Richard Nixon - John Myers rally in Terre Haute on Saturday Oct. 28.

107 Known Dead In Welsh School Disaster

Found Guilty In Bad Check Case

Martin Puckett, alias S. A. Taylor, 68, was found guilty Friday in the Putnam Circuit Court of uttering a forged instrument by Judge Francis N. Hamilton.

The court ordered Mrs. Mildred Herve, County Probation Officer, to make a pre-sentence investigation.

Upon completing of this investigation, Puckett will be returned to court for sentencing.

The forged instrument was a check made out to Cash on April 4, of this year, and cashed at Fleenor's Drug Store in the amount of \$12.50.

Puckett, authorities said, has a long penal record dating back to 1928, and has no permanent address.

Guilty Plea By Local Resident

INDIANAPOLIS UPI — A pre-sentence investigation was under way here today for a former labor union official who pleaded guilty in U. S. District Court to a charge of embezzling union funds.

Leland E. Brown, Greencastle, former secretary-treasurer of Local 39 of the United Cement, Lime and Gypsum Workers pleaded guilty Friday before Judge S. Hugh Dillin, who ordered the pre-sentence investigation. Brown was charged with embezzling \$3,062 in union funds and failing to maintain proper financial records between 1961 and 1963.

Blasts Peace Hopes

TOKYO UPI — President Ho Chi Minh of Communist North Viet Nam said today the United States had called the Manila summit conference only to escalate the war. His statement appeared to torpedo any hopes the meeting would bring peace.

Ho made the statement in a speech to recent all North Viet Nam Congress of the Peoples Security Forces.

ABERFAN, Wales UPI — Grieving Welsh coal miners today blamed a century of British carelessness for the loss of an "entire generation" of school children, smothered in an avalanche of mucky coal slag whose movement was hidden by fog. The threat of a second avalanche added to the despair.

The death toll for Britain's worst disaster involving children was 107 at dawn—100 children and seven adults. At least 36 children were hospitalized with injuries and another 30 were still unaccounted for, officials said.

Keeping a wary eye on the rain-loosened remaining half of the death-dealing slag pinnacle still menacing the village, about 2,000 rescue workers toiled, some with bare hands, in the rubble of an elementary school and a row of miners' homes in hope that some of the missing were still alive.

Officials warned it was possible the remaining slag pile could also spill down like a smothering wall of liquid chocolate.

Some rescuers slogged waist-deep in the oozing mixture of coal dust, stone and earth. Despair was etched on their tear-stained, grimy faces. No whimpers of possible survivors spurred them on. Just fast-fading hope that waned each time silence greeted a name at periodic roll calls.

"A generation of children has been wiped out in this village," said George Thomas, minister of state for Wales.

School authorities at first feared 163 children were missing and officials grimly forecast a death toll approaching 200. But it was later learned some children fled within split-seconds to safety through wind-blown as the slag struck and dozens of others were dug out alive.

Fall Proves Fatal

ROCHESTER, UPI — Arthur H. Kuhn, 74, R. 2, Akron, died in Woodlawn Hospital here from a skull injury suffered in a fall from the hay mow to the floor of his barn when he tried to untangle a hoist rope.

CANBERRA, Australia UPI — President Johnson got the biggest reception in Australia's history Saturday but the "fair dinkum" welcome in Sydney was blemished by an ugly melee when anti-Viet Nam agitators fought police and sought to throw themselves before the President's car.

A helicopter hovered overhead at one point, ready to whisk the President away if necessary.

Eggs splattered on the closed limousine in which Mrs. Johnson was riding separate from the President on the way back to the airport.

Over one million Aussies packed the Sydney streets and jammed its famed harbor with boats of every size and shape for LBJ and Lady Bird. The President, to the concern of security guards, was out again shaking hands. At one stop he threw his expensive fedora hat to the crowd.

Johnson flew back to Canberra in the afternoon and dined on Texas-size steaks at a barbecue at the picture-book "Lanyon" sheep and cattle station. He flew to Brisbane tonight and goes on Sunday to the seven-nation conference in Manila.

In Sydney, a near riot erupted outside the art gallery as the President's car arrived. Demonstrators, both young men and women, broke through barriers and fell to the roadway in front of the motorcade. They were hauled away.

Police and U.S. Secret Service agents were kicked as they tried to force the demonstrators back. Rolls of toilet paper and balloons painted black to simulate bombs were thrown at the President's limousine. Mounted police charged the crowd.

There was hand-to-hand fighting between demonstrators and police. Thirty-seven persons, including 11 women, were taken into custody.

Johnson appeared distressed as he entered the gallery for his formal welcome and inside the jeers and catcalls could still be heard. The demonstrators screamed in an attempt to drown out Johnson's voice on the loudspeaker piped to the crowd of 3,000.

New Vaccine

CHICAGO UPI — Three University of Chicago medical researchers have developed a vaccine that would block rheumatic fever and rheumatic heart disease, it was announced Friday.

The vaccine is designed to immunize against "strep throat." Its effect would also stop the spread of rheumatic diseases since they can occur only after a "strep infection," the university said.

The vaccine has been found safe and effective in 50 adults after extensive tests with animals, the scientists said. Further development is needed before it can be used on children, they said.

Stray Dogs Are Causing Losses

Stray dogs are inflicting heavy damage to residents in Greencastle Township, Trustee Fred Snively reported today.

The dogs have been killing sheep, chickens and hogs at several rural homes.

One man estimated his loss from sheep attacked by dogs at more than \$300.

Snively stated that in two cases it was believed it was the same dogs responsible for losses and he said the Sheriff's Department had been notified.

In The Good Old Days

Continuing with the history of Greencastle, but now moving to the "Gay Ninety" era, a souvenir booklet published in 1892 is the source of information. This source was compiled by R. T. Jones, Photographer; H. A. Mills, Artist; and T. J. Basset, Ph.D., Historian; and was printed by M. J. Beckett. A description of the society of Greencastle complete with illustrations and photographs is brought to life in this 6 1/2" by 9" booklet, portions of which is reprinted for your information.

Greencastle, 1892
Greencastle, the county seat of the large and wealthy county of Putnam, Indiana, is most beautifully situated on a high and rolling tableland between the Big Walnut and the Deer Creek branches of El River. The natural drainage of the city is well nigh perfect. It lies in the center of the famous Indiana blue-grass region. The blue-grass indigenous to Central Indiana, and from here it was taken to Kentucky, where it has also become famous for its beauty and superior qualities for pasturage. Because of this the fine stock of this county is known everywhere.

Only seven or eight miles west of our city begins the great block-coal region of Western Indiana, making fuel abundant and cheap. Our county also lies in the famous limestone district. No finer nor more durable building stone is found in the world than what comes from the exhaustless quarries which lie along the line of the Monon railroad, which passes through our city. There is also a fine growth of timber; maple, oak, beech, poplar, hickory, etc., in every direction from the city, which fact, with the cheap-

ness of fuel, and excellent facilities for shipping, makes the city one of the best locations for manufacturing, which can be found.

Healthfulness
Our situation is on the highest point on the Monon railway between Lake Michigan and the Ohio River. There are no swamps and no marshes within miles of us, and these facts, together with the abundance and excellence of our water supply, make Greencastle one of the most healthful cities in the country. Each year our death rate is the very lowest, being for the last census year only six to the thousand—the lowest death rate of any city in the United States. As an illustration of our excellent sanitary condition, although the university located in our midst has over fifty professors and teachers, and over a thousand students annually, there has not been a single death in the university during the past two years.

Fruit
That nothing is more delicious and nothing more healthful than an abundance of good ripe fruit, is known to all. Be it known also to all that no part of our country east of the Rocky Mountains produces all varieties of fruits which can be raised outside of tropical regions in greater abundance than does this county. Apples, peaches, pears, plums, grapes and berries of all kinds are here produced in the greatest abundance, and of the finest quality. Owing to our excellent facilities for shipping, much fruit is being sent to the markets east, west, north and south, and already there is a demand for canning factories which must soon be supplied.

President Johnson's campaign year peace offensive got off to a shockingly bad start. That is better than a shockingly bad ending. Much better.

The President still has a chance to blunt Republican campaign issues sufficiently to improve Democratic congressional election prospects. LBJ's best effort was a global peace offensive to offset his unpopular Southeast Asian war.

Chairman Leonid I. Brezhnev of the Soviet Communist Party shot down that global effort in a weekend statement. Brezhnev abruptly rejected Johnson's invitation to visit the United States. Alexei Kosygin. The rejection was almost a rebuke.

Brezhnev said Johnson suffered from a strange and persistent delusion that U. S. relations with Eastern Europe could be improved despite the Viet Nam war.

That statement tripled the propaganda possibilities of Johnson's journey to the Manila conference Oct. 23-27. Small matter that this campaign-year peace offensive consists so far merely of words and movement. It encourages the voters to hope for improvement in Southeast Asia.

Until Brezhnev's blast, there was reason to hope for some improvement in the global cold war. The voters understand now that any global cold war improvement depends wholly on the situation in Southeast Asia. That is a measure of the significance of LBJ's Manila conference with representatives of

other nations more or less associated in the Viet Nam war. The Manila peace ploy must be counted a Democratic campaign plus unless and until it is a proven failure. Eleven days will elapse between Johnson's departure from Manila homebound, and the congressional election on Nov. 8. If hope sometimes springs eternal, it should not be impossible to maintain for 11 days a hope for better things in Southeast Asia. Republicans uneasily denounce the Manila conference as a cynical campaign maneuver, but they cannot yet make that stick nor can they condemn Johnson without hedging a little. Barry Goldwater put it this way in a speech:

"We think the Manila conference is political. But I hope the President is successful. We all want peace and we don't care how we get it."

Hope is what the President is offering the voters and even Barry Goldwater gets the message. LBJ is ahead in this smartly executed campaign-year peace maneuver. Hope brightens for some extensions of the bomb ban or, anyway, hope brightens in the headlines. It is true that not much really is expected of the Manila conference. But there is some small comfort in the fact that it is to take place.

The President probably dulled the high cost of living (HCL) issue for 22 million Social Security pensioners with his plan to hike benefits an average of 10 per cent. HCL remains, however, as a dangerously explosive campaign issue.

Fourth Heart Transplant Fails

HOUSTON UPI—Doctors at
Methodist Hospital said Friday
a combination of heart failure
and weakened kidneys caused
the death of a young farmer
who received a revolutionary
heart pump in an attempt to
save his life.

Benjamin Flores, 26, was the
fourth person to receive the
pump, designed and implanted
by famed heart surgeon Dr.
Michael DeBakey. He lived
more than 24 hours after the
operation but died Thursday
night.

Only one of the four heart
pump patients, Mrs. Esperanza
del Valle Vasquez, is still alive.
She is recovering at her home
in Mexico City.

The heart pump, technically
known as a left ventricular by-
pass, is designed to take the
blood - pumping chores a way
from the normal heart while it
rests and heals itself from
whatever damage it has in-
curred.

Some Willing To Consider Peace

MANILA UPI—Thai Foreign
Minister Thanat Khoman said
today "some people" on the
Communist side of the Viet
Nam war were willing to con-
sider a peaceful settlement. But
he warned his information was
not substantial enough to war-
rant any immediate optimism.

Khoman, who spoke with
newsmen on his arrival here for
Monday's opening of the seven-
nation Manila summit confer-
ence, also suggested the United
States again consider a pause in
its air strikes against North
Viet Nam.

"We happen to know a little
of what is going on in the other
side. There are some people (on
the Communist side) willing to
consider a peaceful solution,"
Khoman said.

"But there has been no deci-
sion on this... what we know
is not substantial enough," he
added.

Khoman did not elaborate as
to whom the "some people"
might be or where the informa-
tion had come from.

Action Speaks Louder Than Just Words

By ROBERTA ROESCH

No employer is influenced
sufficiently to move you ahead
in your job when you merely
tell him in well-chosen words
that you want opportunities. In-
stead you have to prove by
your actions that that is your
aim.

Best Performance

First, excel in your job and
refuse to accept second-best,
on the job or in education and
training. Make a constant show-
ing of originality and ability,
and always turn in a job that is
tops in performance and pro-
duction.

Second, study and learn as
you progress and make it one
of your jobs to have a firm de-
termination to do everything a
little bit better than the way
other people are doing it.

Third, promote yourself to
others every day. One good way
to do this is to believe in your-
self and your merits and worth.
Another is to understand people
and be aware of the drives and
desires that motivate them.
Get to know the capabilities of
your co-workers. Show a will-
ingness to cooperate with them.

Fourth, spruce up your co-
workers' egos by giving them
a lift. Be optimistic and en-
couraging and build them up;
don't pull them down.

Stimulate Thought

Fifth, get along with people.
Win them over to your ideas
by asking them questions that
make them think—instead of
always telling them exactly
what to do.

Sixth, be sure to have a posi-
tive approach to your future.
The manner you choose as you
tackle each project will be plain
to everyone you meet.

Seventh, take an inventory
of your present job opportuni-
ties at least once every six
months. Many jobs are chang-
ing today, so if you have hitch-
ed your vocational wagon to
a job star that won't start, you
won't have opportunities to get

Some Hitch Job Wagon To A
Star With No Get-Up-And-Go
ahead in your work. If a
thorough inventory shows that
this is happening to you, be
realistic enough to switch to a
similar kind of work that has
a more promising future.

Eighth, maintain a zest for
living and look forward to your
work every day with a con-
tagious enthusiasm everybody
can detect.

Self-Assessment

As one successful woman said
as she talked of her own job
progress:

"Getting up in the morning
and knowing that I have a full
day of work ahead of me is
my idea of a wonderful life. I
get such a measure of joy out
of the job I am doing that
every day I ask myself 'Is this
really work?'"

American version of Volkswagen sedan for 1967 incorporates more major improvements than ever before and even looks somewhat different than last year's model. Mechanical improvements include a more flexible engine for better all-around performance; progressive springing action for greater comfort; a dual brake system, and a new 12-volt electrical system providing

brighter lights and faster cold weather starting. In addition to changing the shape of the engine compartment lid to provide greater lid-to-bumper clearance, the "beetle's" front fenders were slightly reshaped to provide improved headlight mounting.

Opening Deuce Lead Serves As Warning

By Alfred Sheinwold

One of the important things to remember about the opening lead of a deuce is that it may be a singleton. When the card is kind enough to issue this warning, you are foolish if you fail to heed it.

West opened the deuce of hearts, and South won with the ace. He returned a spade, and East won with the ace of spades and led the king of hearts.

South ruffed, and West over-ruffed with the nine of spades. West then led a diamond to the ace, and East led another heart.

Now West was sure to get the setting trick with the ten of spades. If South ruffed low, West would over-ruff at once; and if South ruffed high, West's ten would eventually become good.

SHOULD SEE

South should read the opening lead of the deuce of hearts as a singleton. Moreover, South should see exactly what is bound to happen if he ruffs the king of hearts.

South should discard the king of diamonds on the king of hearts. East continues with a heart, and South ruffs with a low trump.

West over-ruffs with the nine of spades, thus taking the third defensive trick. That ends the defense.

There is no way for East to gain the lead, and South cannot be put in the middle again. Whatever West leads, South wins. South draws trumps and claims the rest of the tricks.

DAILY QUESTION

Partner opens with one spade, and the next player passes. You hold: S-10 9 4 3; H-2; D-8 6 5 3 2. What do you say?

Answer: Pass. Despite the trump support and the singleton hand is too weak for a response.

In Memory

In memory of Lawrence A. Cox, who passed away October 23, 1961.

He touched our hearts,
 He brought us joy,
 Then God came and claimed
 Our only boy.
 We loved him then
 We love him still;
 He lives in our hearts
 And always will.
 Sadly missed by Mother and Step-father.

In Memory

In loving memory of our Mother and Father, Clyde and Lula Shaner and our Brother Charles.

It has been so long since that sad day
 When the ones we loved were called away
 But they are not forgotten
 Nor never will be.
 As long as life and memory last
 We shall always remember thee.
 Sadly missed by their children, Brothers and Sisters.

Greencastle School News

The Greencastle High School Student Council members had a meeting last Monday morning to discuss some problems brought to them by the administration.

The main topic of discussion was the grooming and dress of G.H.S. students. Lloyd Cooper, assistant principal, asked the council to assist him in setting up some rules for the students to follow concerning these topics.

Lee Quinn, the only licensed and professional steeplejack artist in the United States, appeared before the Greencastle High School student body at a convocation on October 10, in the high school gymnasium.

Mr. Quinn showed a short film to give the students a better idea of a steeplejack's many duties.

Daryl Hurst, a junior, was chosen to assist Mr. Quinn in a demonstration on climbing a towering flagpole.

Preliminary Scholastic Aptitude Tests (PSAT) were taken by college-bound juniors Tuesday morning, October 18. These two-part tests will measure the students' abilities in the two basic fields of English and math. The purpose of the PSAT is the preparation for college boards to be taken during the students' senior year.

"Ladies of the Jury" is the play the Greencastle Thespian Society has chosen to present December 1, 2. The cast has

Local Church To Hold Series Of Meetings

Local Jehovah's witnesses are looking forward to a special week of activity upon the arrival of Addison L. Abernathy, circuit supervisor of 16 Witness congregations in West Central Indiana.

"During these visits which are similar in nature to those of the apostle Paul in the first century, we receive special training in our public preaching as well as receiving instructions concerning our moral conduct as Christians," said Sheldon Hurley, presiding minister of the Greencastle congregation.

"Since their beginning Jehovah's witnesses have been a preaching fellowship," Hurley said. "The faith of each believing Christian in the organization is tested by his participating in the most important Christian activity — propagation of the faith."

Mr. Hurley said that Jehovah's witnesses are enrolled in ministerial training of at least five classes weekly. "We main-

tain," he emphasized, "that if a religion is worth believing it is worth putting into practice. For that reason the Watchtower Bible and Tract Society arranges for those special visits to equip each member of the local congregation to become a better Bible student and more 'qualified to teach' his fellow man," added Mr. Hurley.

Besides their regular five meetings a special program is arranged for Saturday evening. It will include a question and answer session on Bible questions. New facts learned by Bible scholars in recent months will also be brought out.

On Sunday, October 30, at 2:00 p. m., Mr. Abernathy will speak on the subject "Christianism or Christianity, Which One Has Failed?". An hour Bible study and a final talk by Abernathy will end the special week of activity. Though this visit is specially arranged to assist Jehovah's witnesses, Hurley stated that the public is invited to any or all of these meetings.

Action in last night's game won by Crawfordsville, 35-12. Here an Athenian pass is shown going astray, thanks to the efforts of J. Fyre (43) blocking J. Gravett (81). Coming up to help are G. Ash (37) and Norris (13).

Athenians Hand Tiger Cubs Second Defeat Of Season

Crawfordsville continued its mastery over Greencastle last night by handing the Tiger Cubs their second loss of the season, 35-12.

The Athenians, taking control of the game early, scored almost at will in the first half and took a commanding 28-0 lead into the dressing room. The Cubs, playing catch-up football, never could get their high scoring offense in high gear. The old brilliance witnessed by fans in previous games was extinguished by the fired-up Athenians.

Crawfordsville scored the first two times they had their hands on the ball. Greencastle held them the third time, but the Athenians came right back to block a Cub punt to score again.

The Athenians didn't waste any time in letting the Cubs know they wanted this game.

Greencastle won the toss and elected to receive. After three running plays placed the ball on the Cubs' 37, a fourth down gamble back-fired on a faked kick and gave the ball to Crawfordsville on the Greencastle 35. Four plays later, Norvell of Crawfordsville went over the goal line from 15 yards for the TD. Frederick's kick was good and with 8:18 remaining in the first quarter, the Athenians were off and running, and the Cubs knew they were in trouble.

Five minutes later, the alert Athenian defense set up another TD. Thompson bolted over from the one after a Norris pass went astray on the Cubs' 30.

Crawfordsville's defense, making touchdowns easy for the offensive unit, over-powered the Cubs' line and blocked an attempted punt on the Cubs' 7. Three plays later Frederick's

scored. The extra point kick was good and the Cubs trailed by 21 points midway in the second quarter.

Not showing any mercy, Crawfordsville tallied again before the Cubs ever dented the scoreboard. This time swivel-hip Thompson spun away from three sure handed tackles and galloped 51 yards for the Athenians' 27th point with 1:16 showing on the clock in the first half.

Only one time in the first half did the Athenians' defense let the Cubs penetrate past the 50 yard line. This drive ended in a fumble on the Athenians' 15.

Playing more on Crawfordsville's end of the field in the second half, the Cubs did do a better job of moving the ball, but when the big play was needed to keep a drive going, it just wasn't in the books.

But then with 1:13 left in the third quarter, Luzar broke through with a slam up the middle, ran over three defenders and raced the defense 50 yards for a Cubs' TD. Norris' attempt for the extra point went wide.

But after an off-side kick failed, the Athenians came right back to move the football 53 yards in eight plays for another TD and extra point.

Greencastle's final TD came with only 14 seconds remaining in the game. Churchill cracked over the goal line from two yards out after a nice 35 yard run by See on a hand-off from Norris had put the ball on the Athenians' 14.

I.U. Loses To Miami In Orange Bowl Game

MIAMI UPI—A fourth-period touchdown by Miami overcame a one-point Indiana lead and lifted the Hurricanes to a 14-7 victory in the Orange Bowl over the visiting Hoosiers Friday night.

Indiana, seeking its second victory of the year against now four losses and one tie, came from behind in the third period to score a touchdown on a 14-yard pass from quarterback Frank Stavroff to end Al Gage. Dave Kornowa kicked the extra point.

The game, played before 19,625 fans in a steady downpour, saw Miami take a 6-0 lead on two field goals of 31 and 27 yards in the third period after the two teams played a score-

less first half. Ray Harris booted both field goals after the Hoosiers had stopped Miami drives.

Second-string quarterback David Olivo, playing his first full game, took advantage of key breaks from the rain to pace the Hurricanes to victory.

Olivo passed four yards to end Jim Cox in the fourth period for the winning touchdown.

Miami made a two-point conversion when Joe Mira, whose older brother George Mira formerly played at Miami and now is with the pro San Francisco 49ers, bobbled the ball holding for the extra point kick. He picked up the pigskin and scooted into the end zone for a two-point conversion.

Top State Prep Teams In Action Friday Night

INDIANAPOLIS UPI—Fourth-ranked South Bend Adams built up a first half lead Friday night and then held on for a 14-13 victory over sixth-ranked LaPorte in the Indiana high school football game of the week.

And it was only the fact that sophomore Scott Spahn, hampered by an ankle injury, mixed on a field goal attempt from the 15-yard line with 18 seconds left that gave Adams the victory.

Spahn, who had been on crutches most of the week, missed on his first field goal attempt after booting 20 of 20 extra point tries during the season. The field goal attempt was wide to the right.

LaPorte was the only member of the "Big 10" in the UPI coaches' board ratings which lost in Friday night's action.

Top-ranked Indianapolis Washington won its seventh in a row, downing suburban Ben Davis, 34-0. Third-ranked East Chicago Washington downed Hammond, 31-19, with Willie Winbush scoring three touchdowns on runs of 76, 70 to 4 yards. He had 66 and 76-yard touchdown runs called back on penalties.

Fifth-ranked East Chicago Roosevelt remained atop the western division of the Northwest Conference with a 19-6 victory over Whiting. Roosevelt turned two blocked punts and a Whiting fumble into touchdowns for the victory.

Lafayette, ranked seventh, won its eighth in a row over North Central Conference foe Richmond, 18-0. Fort Wayne South, tied for ninth with idle New Albany, made it 17 in a row without a miss by downing Huntington, 27-14.

Delphi, owner of the state's longest current winning streak, made it 28 straight by downing Twin Lakes, 46-0, the Brebeuf of Marion County registered its 18th in a row, dumping Bloomington University, 40-7.

ANDRETTI HITS 167.4 INDIANAPOLIS UPI — National driving champion Mario Andretti cruised around the Indianapolis Speedway Thursday at a speed of 167.4 miles per hour, less than a mile of his unofficial course record.

Andretti drove the same rear-engine machine he placed on the pole for this year's Indianapolis "500." His official one-lap record, set in qualifications this year, is 166.328 mph.

It seems a long, long time from one to seventy ...

The Ages of Man

Here they are, pictured from One to Seventy...from infancy to old age. It seems a long, long time from one to seventy, but it is only a little while from Seventy to One. The point is, we don't have much time here. The clock's face shows the hours ticking swiftly away. Then, since eternity is so much longer, perhaps we should spend more time getting ready for the life to come. Better not to have been born at all than to spend your life in riotous living. Rededicate yourself. Support your church, give to the needy and be an influence for good. It won't make much difference how much land one owns when the bell rings. But don't forget... it matters much how one lives before the bell rings.

You In The Church
The Church is You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

This message is dedicated to the building of a more spiritual and a greater church going community under the auspices of the Greencastle Ministerial Association and is being sponsored by the following individuals and business firms who want, as their only return, to see more people attending church. The church needs your support. The community needs the church.
